

## Double Yellow Flag

Flags from: Flagman of America (<https://www.flagman.com> 800-835-2462) \$36+S&H. Tell them you want stick (3/4"od) hems on both 24" ends of each flag.

Sticks: (2) 3/4" x 72" dowels from Lowe's (<\$5 ea). After cutting to length, sand a taper on each end of the sticks to make it easier to thread onto the flag (not an easy process...). Put a staple in each "open end" of the flags into the stick (5 places if made with a "handle")

I made mine with a 6" gap between flags (in the center) and with a 6" long "handle" on one end of one flag. I had to cut the threads on one end of one flag to allow the stick "handle" to pass thru. I flag places that have "flag holders" on their "shelters" and road courses where I can poke the "handle" thru the chain link to help hold the flags during looong double yellow periods. The "handle" is handy to simply hold the flags by.
